### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor render obvious to the instantly claimed invention. There is no teaching in the art to float a plurality of substrates during a liquid phase epitaxy process. The prior art merely teaches dipping or coating the substrate with the melt. However, there is no teaching in the art to float the substrates on the melt to grow the layer. The art gives no motivation or reasoning to modify the prior art processes to arrive at the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
